

## CITY COUNCIL HOLDS MEETING

**Salary of Health Officer Vaught is Reduced.—Chief Ogden Exonerated And Routine Business Transacted.**

The City Council met in regular session Friday night with all members present except Mr. Seabee, whose wife is critically ill at St. Joseph's Hospital in Lexington. The sympathy of the Council was extended Mr. Seabee.

### Health Officer Jolted

The salary of the City Health Officer Dr. J. C. Vaught was reduced from \$25 a month to \$5 a month. This was done in order to make the office vacant. According to a state law the Council has no power to elect or discharge the Health Officer, but has the power to fix his salary.

### Ogden Exonerated

The committee which had been appointed to investigate charges of irregularities made by Walter ("Boss") Eton, against the Fire Chief Stoner Ogden dismissed the charges. The committee reported that it had met and had summoned Eton to appear before them; that Eton declined to restate the charges or to furnish the names of witnesses.

The Street Committee reported that owing to legislation pending in the State Legislature regarding the construction of streets they were unable to advance any information concerning the brick streets, as ordered at a previous meeting. The bill, which has already passed the House of Representatives but which has not yet gone to the Senate, requires the city to pay one half and the property owner one half for the construction or reconstruction of streets.

### Asphalt Discussed

Fred Phares, of Lexington, representing the Barber Asphalt Paving Company, and Mr. Carey, of the Carey-Reed Company, of Lexington, appeared before the Council and gave some information in regard to asphalt streets. Mr. Carey stated that the asphalt street could be laid for about \$2 per square yard and that brick could be laid for about \$2.35 per square yard.

It was carried that the Central Kentucky Traction Company be required to repair the streets within 18 inches on both sides of their tracks according to the provision of their franchise.

### Dead Birds in Water

Dr. Browne stated that dead birds were allowed to fall in the stand-pipe which supplies the city with water. The matter was referred to the City Attorney who will take it up with the Water Works Company.

### Rutledge Gets Job

Inasmuch as the map showing the sewer connections has not been completed, former City Engineer S. H. Rutledge was employed at a "reasonable compensation" to furnish Mr. Collins, the Consulting Engineer, with such data as he may need.

### Can Tap Sewer Now

The sewer is now ready to be tapped and the location of connections can be secured from Inspector J. L. B. White.

It was ordered that the Mayor, on the written order of the City Attorney, convey to T. G. Stuart ten city bonds as part payment for the Court View Hotel property, which was purchased at a previous meeting as a site for the City Hall.

The public drinking fountains which were frozen, will be repaired.

### No Report on Sewer System

Dr. Browne, as chairman of the Sewer Committee, reported that it was not ready to make a statement. In regard to the disposal of water on the west end of Washington street, the committee reported that a trade had been made with the railroad, whereby the railroad and the

city shall each make certain repairs. About 1,100 feet of fifteen inch sewer pipe was purchased from the E. T. Lewis Company at an approximate price of \$350, the pipe to be paid for when the company takes up one sewer head as requested at a previous meeting of the Council.

The Building Committee was ordered to investigate and receive bids for the old city hall property and for the bonds issued to raise money for the building of the City Hall.

Brick crossings were ordered by the city to be laid as follows: Four in Bucktown, one on Lexington avenue at Burns, and one on Flanagan street, at Buckner.

The payroll for the quarry and teams was \$123.01; for street labor \$53.05.

The Printing Committee was ordered to receive bids for the codification, indexing, etc., of the city ordinances, preparatory to having same printed.

An ordinance was adopted designating the manner in which the street employees shall be paid.

The following policemen executed bond with the Merlin Casualty Company as surety: Woodson McCord, Dan Insko, J. T. Dykes and W. R. Shrode.

The Winchester Garage was granted the privilege of placing a small house for a gasoline pump on Main street in front of the Auditorium.

### City Officers' Reports

The report of the police officers showed in the past month that there were 11 cases tried; fines and costs amounting to \$86.50 collected; \$73.10 collected on old bonds; and Commonwealth costs of \$55.

The report of the Treasurer showed \$6,774.37 in the general fund; \$4,080.37 in the school sinking fund; \$5,661.32 in the sewer sinking fund; an overdrawn account of \$141.89 in the sewer construction fund; \$394.09 in the city hall sinking fund.

The City Clerk reported licenses to the amount of \$7 collected.

The City Collector reported \$211.90 collected on white property tax; \$108.90 on colored property \$35.55 on polls; and a tangible tax of \$519.05.

## INVESTIGATION FOR HOOK WORM

**Is Being Made Among Pupils of City School.—One Case is Found at Ford.**

An investigation is being made in the City Schools of this city to ascertain if there are any cases of hook worm among the pupils.

The investigation, which is being carried on in all the states, is financed largely by a fund donated by Rockefeller. The work in each state is directed by the State Board of Health.

During the investigation in Kentucky which has been in progress only a month, more cases have been found than in any other state during a four month's investigation.

Over one hundred persons have been examined at Ford. Of this number only one case of hookworm was found.

When a person is found to be afflicted with the disease no one is informed of it but the person himself. If the case warrants it, treatment is provided.

As yet it is not known if there are any cases in the City Schools.

## FISHY, NEVERLESS TRUE

Noticing in Thursday's News the experience of Judge Benton while in Barboursville among the fish in the town branch leads a gentleman to remark—that is not a circumstance to what befell him once on the Cumberland river.

He says that he attached numerous lines to a fishing suit made to order and which was worn by him at the time, baiting each hook with a good-sized chunk of cow's liver, he waded out into celebrated hole for fish. The lines some 15 or 20 in number were from six to eight feet in length and securely fastened to his person. For a while he waded about nothing but his head being visible above the water until a monster seized a line on his left leg which rendered locomotion impossible, and while standing motionless in mid-stream other fine fellows were securely fastening themselves to the other lines. Finding himself in great danger of being towed off into deeper water he raised a terrible yell, which attracted some river men who came to the bank and said why don't you come out? Well, said he, I can't come out. Then three of them waded in and tried to pull the fisherman to shore but they could not budge him. So one of the men said, yonder is Dick Newell ploughing, go and get him to bring his oxen and we will see if he can be brought to land. Accordingly the suggestion was adopted, and Dick came promptly and attached a cable to the man, and he was with great difficulty dragged ashore, having attached to him 753 pounds of as fine fish as ever came out of the Cumberland.

The largest one a monster cat, weighed 85 pounds, the others ranging in weight from 65 down as low as 53 pounds.

## FOREIGN MISSIONARY RALLY TO BE HELD

**Three Sessions Are to Be Conducted at First Christian Church, With Able Addresses.**

A Foreign Missionary Rally will be held at the First Christian church on Wednesday next. There will be three sessions—10 a. m. to 12 m., 2 p. m. to 5 p. m. and at 7:30 p. m. Supper will be served in the parlors of the church to the men at 6:15.

## BOYS' WORK INSTITUTE

**Prominent Men Take Super at Brown-Proctoria And Discuss Plans For Good Work.**

The following men met Friday evening for supper at the Brown-Proctoria to discuss further plans concerning the Boys' Work Institute that begins Saturday night: N. P. VanMeter, C. H. Loveland, J. W. Chambers, Prof. B. T. Spencer, C. H. Rees, Samuel Willis, Chas. Venable, Jas. Cunningham, Philo C. Dix and E. S. Woosley. From the discussion there it seems that the conferences will be very successful and helpful.

The first session will be Saturday night at 7:30 in the Sunday school room of the First Presbyterian church. The general theme will be "Problems of Boys' Work in Winchester," with the following topics: (a) "Do We Need Boys' Work," (b) "Some of Our Troubles," (c) "Essentials of Leadership in Boys' Work," (d) "Things that are Being Done for Boys in Towns Like Winchester."

These questions will be discussed by local and visiting speakers. Philo C. Dix, E. S. Woosley and W. C. Paige, of Louisville, will be present to direct the conference.

An informal discussion of Winchester's problems in Boys' Work will follow the presentation of the above topics. A good attendance of all interested is desired, especially Sunday school superintendents and teachers, and all who work with boys.

Sunday morning every church will have a sermon on Boys' Work by a visiting speaker. Sunday afternoon at the Presbyterian church at 3 o'clock, President J. C. Acheson, of Caldwell college, Danville, will deliver his noted address, "The Boy Problem."

Every man and woman in Winchester should avail themselves of this opportunity to hear this noted address. At the same time in the Courthouse a mass meeting for boys only will be held, conducted by E. S. Woosley, of Louisville.

Union Services at the Christian church at 7:30 Sunday night will be the most unique meeting of the whole institute. Slides giving views of Boys' Work, especially at Camp Daniel Boone, will be used in the 20 minute stereopticon talk.

Four boys who were at Camp Daniel Boone, will tell of their experience. This will be followed by two or three other brief talks by local and visiting men. There will be special music by Cecil Noe, the noted boy cornetist, of Lexington. Master Cecil is only 15 years old, but is probably the best cornetist in Kentucky. He will play at both the Sunday afternoon meetings and Sunday night.

No collection will be taken at any of the meetings.

missionaries—one from India and one from China, will conduct the rally. There will be other addresses. The public is cordially invited.

## FINE WELDING APPARATUS

**Is Installed at Mr. Charles Hagan's Machine And Repair Shop, On Broadway and Highland Streets.**

Mr. Charles Hagan has installed at his machine and repair shop at the corner of Broadway and Highland streets, an economy Oxy-Acetylene Welding Apparatus, the only one of the kind in the state.

By the aid of this apparatus, the establishment is in a position to repair, by welding all parts promptly and without delay to their customers, which otherwise would have to be ordered from the manufacturer.

Mr. Hagan is to be congratulated upon having graduated from the antiquated system of replacing broken parts by ordering them from the manufacturer, thereby causing undue and expensive delays awaiting their arrival.

The modern machine shop must be equipped with every facility to get the work out quickly, in first class shape and at the least possible cost to owners.

It was with this end in view that Mr. Hagan has installed the Economy Oxy-Acetylene Welding Apparatus.

## LEGISLATURE RUSHES WORK AND ADJOURNS

**Go To Louisville Banquet And Inspect State Fair Grounds.—Hutter Bill Favorably Reported.**

Frankfort, Ky., Feb. 3.—Both House and Senate hustled through with their work Friday and adjourned until Monday in order to visit Louisville Friday and Saturday, where they were banqueted Friday night and were conducted on an inspection trip of the State Fair Grounds Saturday.

The House voted to reconsider the vote by the bill providing for the removal of the Geological Survey of offices from Lexington, passed the bill of Representative Elwood Hamilton, of Franklin county, appropriating \$30,000 for the Department of Agriculture, Labor and Statistics, heard favorable report on a number of bills, including one of Representative C. B. Nichols, of Fayette county, providing for the inspection of cattle for the purpose of directing tuberculosis and adjourned until 12 o'clock Monday.

The Senate passed to second reading the bill providing for a Governor's Mansion and referred it to the committee on Public Buildings and Monuments. Reviewed a number of new bills including one offered by the Senator J. T. Tunis, of Fayette county, prohibiting the sale of intoxicating liquors within 400 yards of the campuses of the State University or the Normal Schools and other granting pensions to aged, retired and indigent school teachers one by Senator Claude M. Thomas, compelling connection between rival telephone and telegraph companies and also adjourned until 12 o'clock Monday.

Among the bills favorably reported by committees to the House was one by Representative R. D. Hunter, of Clark county, providing that labels be placed on kegs, cans, buckets, barrels, boxes or bottles, containing lard, oil or grease of any kind, showing date of manufacture, and another by Representative Francis B. Douglas, of Boyle county, giving councils in cities of the fourth class the right to say how profits from public utilities owned by the city shall be used.

Among the new bills offered in the Senate were two by Senator Claude M. Thomas, of the Bourbon-Clark

District, one of which was an act appropriating \$25,000 for new buildings and increased equipment at home for incurables, and the other an act compelling rival telephone companies to "cut in" on each other's exchanges.

### Hamilton Bill Passed.

Bills in the order of the day in the House were taken up at 12:15 o'clock and that of Elwood Hamilton, of Frankfort, appropriating \$30,000 for the benefit of the Department of Agriculture, Labor and Statistics was passed by a vote of 74 to 3.

The House adjourned at 12:25 until Monday at noon.

A lengthy petition was sent to the Senate when it convened Friday morning asking that the old state-house be made fire proof and perpetually leased to the State Historical Society for a State museum.

The Hamilton bill appropriating \$75,000 for the erection of a Governor's mansion, which passed the House, was given its second reading in the Senate and referred to the Committee on Public Building and Monuments.

## TWO PRISONERS GIVEN BAIL

**Sam Watkins And Judge Watkins Leave Doors of Jail Open, Being Only Ones Confinned.**

Judge Benton went to Stanton Friday and granted bail in the sum of five thousand dollars each to Sam Watkins and Judge Watkins, of Breathitt county, who are charged with murder, and whose cases are in Powell county on a change of venue.

Both defendants had been tried and given life terms in the penitentiary, but the Court of Appeals recently granted Sam Watkins a new trial, and in view of that action Judge Benton awarded Judge Watkins a new trial and allowed both of them to give bail until the March term of Powell court, when the cases will be tried again.

The two defendants are brothers and are charged with killing Lewis Napier at a school election in Breathitt a few years ago. When the Watkins boys walked out of jail, the doors were left open as they were the only prisoners.

## REV. C. W. CASE TO PREACH HERE

**Widely Known Man of Highest Attainments Will Conduct Services at First Baptist Church.**

In Friday's issue it was announced that the Rev. C. W. Post would occupy the pulpit at the First Baptist church. It should have read that the Rev. C. W. Case, of Lexington, would conduct the services.

The Rev. Dr. Case is widely known as a man of the highest attainments and all those who attend the services at the First Baptist church Sunday morning and night will receive a rare treat. A hearty invitation is extended to all.

The first prize was given to Mr. Arthur Bloomfield, who appeared on the floor as a Hebrew comedian. But being connected with the house, he refused to accept the prize and it was given to Mr. Culom Foster, he being second choice.

The prize offered to the young lady was won by Miss Nellie Ogden, who represented a "Yama, Yama Girl." On account of the great success of Friday night and by special request, another masquerade will be repeated on St. Valentine Day, February 14.

Mr. Arthur Bloomfield will appear again on the above date, having scored a big success Friday night with his Hebrew make up. He will, however, be barred from receiving the prize offered.

## TOBACCO IN MISSOURI

Kentucky soil is better fitted to  
culture of tobacco than any state  
in the union. Following the move-  
ment to cut out tobacco in Ken-  
tucky a few years ago many tobacco  
growers left this section to try  
their hand raising the weed in Mis-  
souri. But after all the glowing ac-  
counts of the advantages offered in  
the Missouri tobacco belt, according  
to R. A. McVey, of Bourbon county,  
most of the farmers who went from  
this state to Missouri would gladly  
return to this grand old Common-  
wealth, had they the means of trans-  
portation.

It is substantially reported that  
disappointment and failure await  
those who abandon the tobacco fields  
of Kentucky for those of Missouri.  
The situation here is gradually im-  
proving. The market is being  
brought closer to the producer by  
the establishment of loose leaf ware-  
houses in all the cities and towns of  
the state. The two houses in this  
city have handled as high as 300,000  
pounds of tobacco in one day. All  
good grades have brought fancy  
prices and the poor crops were dis-  
posed of at a price that paid the  
producer well for his labor.

Tobacco is one of the great money  
crops for the tenants of this state.  
Many of them refuse to rent farms  
unless they can tend tobacco crops.  
In many instances all the money real-  
ized by tenants and many small farm-  
ers is their tobacco income.

## W. C. T. U. Notes

The February number of "The  
Kentucky White Ribbon," the state  
organ of the Woman's Christian  
Temperance Union, should be read  
by every mother and father, Sunday  
school teacher and religious leader  
of our town.

Twenty-one letters from prominent  
educators, lawyers, doctors and busi-  
ness men all over the state, tell of  
the destroying effect of late cigarette  
upon the youth who have come under  
their immediate observation.

We are glad for those who are  
witnessing in our state against the  
pernicious influence of this deadly foe  
to the physical, moral and mental  
development of our boys. That the  
W. C. T. U. of Winchester most de-  
sires is the co-operation of all the  
women of our town, in order that  
one may become a mighty factor in  
the homelife of Winchester in putting  
down this stronghold of the evil one.  
"The Kentucky White Ribbon"  
comes to every woman who gives her  
name as a member of the W. C. T. U.  
Mothers join our ranks and educate  
against the evils that are sure to  
prove a temptation to your boy—  
yea they may prove a temptation  
which he will be unable to withstand  
unless forearmed by the tactful  
timely counsel of his mother. As  
we walk on the streets of this, our  
fair city, we are often grieved to  
see little boys smoking, and the re-  
proach of our Christian citizenship  
is that they seem to engage in this  
breaking of the law with all boldness.

The W. C. T. U. is an organization  
which seeks to save to a noble man-  
hood those who are to be our law-  
makers tomorrow. Help us.

The regular monthly meeting is  
held on the last Thursday of each  
month in the Sunday school room  
of the Methodist church, beginning  
promptly at 2:30.

## The County Unit Bill

The best information is that the  
anti-saloon people of Kentucky are  
not sitting around waiting to jump  
to the ballot the minute the bill be-  
comes a law. They are said to have  
decided to move very slowly, as the  
necessity, from their point of view  
arises, and they propose to do noth-  
ing that may be considered radical  
or extreme. With no necessity for  
further camping at the doors of the  
General Assembly, they will turn  
their attention at once to law en-  
forcement in several sections of the  
state. They profess themselves as  
eminently satisfied with the situation  
as it will be in Kentucky after the  
County Unit becomes a law and thor-  
oughly established, and do not con-  
template any step toward a cam-  
paign for statewide prohibition.

The First Christian church of this  
city, support a missionary at Jah-  
bulpore, India, through its Foreign  
Christian Missionary Society, and  
another at Albuquerque, New Mexi-

co, through its American Missionary  
Society, and a third at Jenkins, Ky.,  
through its State Missionary Society.  
In addition it contributes annually  
about \$300 to the Church Extension  
Fund, and about \$150 to Ministerial  
Relief. In addition to this the local  
Christian Women's Board of Mis-  
sions, gives \$700 to missions through  
their National Society.

The local congregation is looking  
forward with pleasure to a visit Feb-  
ruary 7, of a Secretary from the  
Foreign Christian Missionary So-  
ciety who will be accompanied by two  
missionaries from the foreign field.  
These folks will hold an all day rally  
in the church. A feature of it will  
be a banquet to men only at 6 o'clock  
in the evening and another will be the  
motion picture exhibit at the even-  
ing service showing the life and cus-  
tom of the people with whom they  
work. The purpose of the visit is to  
educate and develop the missionary  
spirit preparatory to the annual of-  
fering, which is taken the first Sun-  
day in March.

Dr. Porter, pastor of the First  
Baptist church, of this city, preach-  
ed a sermon last Sunday morning on  
"The Power of the Churches." Among  
other things the speaker said, Win-  
chester is a boasted church city  
out in spite of the fact that nearly  
every body belongs to the church,  
you can't tell the church from the  
world. If some of our good and  
conscientious church members could  
take a midnight look at Georgetown  
and Backtown, they would see things  
that would make the demons of hell  
dust the blush of shame."

Rev. F. E. Moore, of Louisville, de-  
livered two forceful sermons at the  
Washington Street Presbyterian  
church Sunday. In his morning ad-  
dress he gave an inspiring message  
on the union between Christ and the  
church. In the evening he was elo-  
quent in behalf of the line of duty  
for the Christian. Mr. Moore is one  
of the Synodical Evangelists of the  
Presbyterian church, U. S. A., for  
the State of Kentucky. He is an  
able speaker, and is doing great  
work.

The ladies' Missionary Society, of  
the Washington Street church, held  
an unusually interesting meeting  
with Mrs. Frank Tanner last Thurs-  
day evening. After the discussion  
of the Home and Foreign topic, Mrs.  
Patton gave a report from the an-  
nual Synodical Ladies' meeting in

## First Presbyterian Church

Dr. Wilbur Crafts, of Washing-  
ton City, gave his lecture "Battles  
Won, and Battles On," in this church  
Tuesday evening. He is a worker in  
a great cause and his talk was filled  
with interesting news right off the  
bat, as he expressed it. Sunday  
morning the pastor will preach an  
anniversary sermon after a pastora-  
te of ten years to this church. He  
will go to Chattanooga, Tenn., next  
week to the second General Laymen's  
Missionary Conference.

The Pastor's Aid Society will have  
the usual all-day sewing meeting in  
the church parlors February 7.

"I hold the Bible to be inspired  
from the first word to the last. Let  
one line go, and you may as well  
give up the whole. If men begin to  
pick and choose, the whole great  
book is swept into uncertainty.  
Either it is impregnable rock beneath  
our feet, or it is mere shifting sand  
of man's conceit and contrivance;  
in which case, where can essential  
certainties be found?"

The following is the report of the  
Woman's Missionary Society of the  
Methodist church, of Winchester,

from March 1911 to January 1, 1912,  
for Foreign Missions \$247.28; Home  
Missions \$127.32; for expenses  
\$25.10; local work reported by  
voucher \$302.95.

The "World in Cincinnati" is a  
great Missionary Exposition, show-  
ing the advancement of Christian  
civilization. This will be held in  
Music Hall, Cincinnati, March 9 to  
April 6, 1912, and will be the sec-  
ond Missionary Exposition on a  
world wide scale to be held in the  
United States. It will occupy the  
entire Music Hall group of buildings.  
In its plans and arrangements it is  
patterned after "The World in  
Boston," the great exposition held in  
Boston in 1911, and "The Orient in  
London" and other successful dem-  
onstrations of the same kind. "The  
World in Cincinnati" is not a com-  
mercial venture, and money-making  
is not the object.

When the world looks dark and  
existence seems useless, the trouble  
may most likely be found in the fact  
that you need at least ten hours' sleep.  
Nothing more serious than that.  
So give nature what she  
needs, and the sun will shine again.

## A WARNING AGAINST WET FEET

Wet and chilled feet usually affect  
the mucous membrane of the nose,  
throat and lungs, and la grippe,  
bronchitis or pneumonia may result.  
Watch carefully, particularly the  
children, and for the racking stub-  
born coughs give Foley's Honey and  
Tar Compound. It soothes the in-  
flamed membranes, and heals the  
coughs quickly. Mrs. A. A. Swagel,  
Krohn, Wis., says: "It always gives  
Foley's Honey and Tar Compound to  
my children. It cures their coughs  
and colds and they like to take it."

## FIRST LA GRIPPE,

## THEN BRONCHITIS.

Such was the case with Mrs. W. S.  
Bailey, McCreary, Ky. "My wife  
was taken down with a severe at-  
tack of la grippe, which run into  
bronchitis. She coughed as tho' she  
had consumption and could not sleep  
at night. The Doctor's medicine  
gave her no relief and I was advised  
to try Foley's Honey and Tar Com-  
pound. The first bottle gave her so  
much relief that she continued using  
it and three bottles effected a perma-  
nent cure." Mr. W. S. Bailey says

# I INVITE EVERY WOMAN

Every woman is invited to consult our Staff of Physicians, Surgeons and Specialists, at the  
Invalids' Hotel and Surgical Institute, Buffalo, N.Y., by letter at my expense—R. V. PIERCE, M.D.

There is every reason why women should not trust their delicate constitutions in the  
hands of unskilled persons. It requires a thorough medical education to appreciate and  
understand the female organism. There is every reason why she should write a specialist.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole  
system and to the organs distinctly feminine in particular. For over-worked "worn-out,"  
"run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-  
keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is  
unequaled as an appetizing cordial and restorative tonic.

As a soothing and strength-  
ening nerve "Favorite Pre-  
scription" is invaluable in  
allaying and subduing nervous  
excitability, irritability, nervous  
exhaustion, nervous prostra-  
tion, neuralgia, hysteria, spasms,  
fainting spells, and other dis-  
tressing, nervous symptoms  
commonly attendant upon  
functional and organic disease  
of the distinctly feminine or-  
gans. It induces refreshing  
sleep and relieves mental an-  
xiety and despondency.

Dr. Pierce's Favorite Pre-  
scription is devised and put  
up by a physician of vast experience in the treatment of woman's maladies. Its ingredients  
have the endorsement of leading physicians in all schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy for diseases  
of women and has been so regarded for the past forty years and more.

Accept no secret nostrum in place of "Favorite Prescription"—a medicine of KNOWN  
COMPOSITION, with a record of forty years of satisfaction behind it. Sold by all Druggists.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three  
a dose. Easy to take as candy.

## PEOPLE'S FORUM

### MY GRUMPS ON EDUCATION

To the Editor of The News:

Education should aid men in the battle of life to make a "living"; but does it? Observation extending over a period of a half a century does not answer, yes. We have seen hundreds of country boys, mountain boys, farmers, peasants from Germany without education and the latter unable to speak English, start in with nothing in the pocket, as hired men on the farm and in 20 and 25 years be free, and own a fine farm or business.

We have not seen the college young men do the same. In most cases he is not bravely meeting and facing the problems of life. He is still a salary man, in one capacity or another, instead of starting at the bottom and working up to the top round of the ladder, and in a few years becoming master of his business.

Why is this so? We are almost ready to believe the penalty of ignorance and poverty are worth more than education in the real battle of life. And we are led to ask the question: "Does Education make our

you men soft, afraid and filled with higher notions?" So or not so, nevertheless, I will back the poor farmer boy, to enter the race for ownership of a farm, unaided, and in 20 years come out ahead.

Should education take away a man's courage and disposition to make sacrifices? I suspect our education system of being at fault.

M. S. BROWNE.

### OUR POPULAR LEGISLATOR

Everybody likes a little fun and even the solemn solons of the Lower House of the Kentucky Legislature sometimes stop a moment in their heavy brain-work and take theirs. Last Thursday was one of these occasions. They had just voted upon a semi-important question when one of the members arose with great dignity and said: "Mr. Speaker, I desire to note that the gentleman from Clark is present and not voting."

Every eye was turned to Mr. Hunter's seat, which was vacant, but the Speaker's eyes were directed toward the gallery. Others followed his lead until finally every member of the House was gazing at one spot where two ladies sat apparently alone. Suddenly they separated, each moving to one side, when there was revealed in the seat behind them the timid form of Clark county's popular widower member. Caught dead to rights he stood the fire for a moment and then beat a hasty retreat while the House roared.

## MONTGOMERY AND STONE IN "THE OLD TOWN"

Decided Treat is in Store For Theatre-Goers in Lexington When Well-Known Musical Comedy Appears.

A decided treat is in store for the theatregoers of Lexington for on February 7, matinee and night, those peers of musical comedy world, Montgomery and Stone, will be seen for the first time here in one of their brightest and best musical comedies "The Old Town," a piece which has been running almost continuously for the past two seasons and shows no abandonment of its wonderful entertaining qualities, but continues to pack the theatres wherever presented, and will likewise do the same here.

There is not a theatregoer in the city who has not heard of Montgomery and Stone, and their wonderful successes, and many sided talents possessed by them and which it is said have never been so cleverly displayed as in this, their greater performance. There are a lot of comedians who can sing and dance; there are a few who can sing, dance and act; but there is only one known to contemporaneous theatregoers who in addition to singing, dancing and acting can walk a rope, do a neat acrobatic stunt and eclipse one of Buffalo Bill's cowboys in the adroit handling of a lariat or revolver. That one is Fred Stone. He and his partner, Montgomery, keep the performance of "The Old Town" moving rapidly every minute. George Ade and Gustavo Laders have given Montgomery and Stone an excellent basis of characterization, humorous situations and tuneful music. They must be praised for most of the other qualities which go to make "The Old Town" the most entertaining musical show of the year.

Being a Charles Dillingham production it was to be expected that the details of artistic illustrations and beautiful and lavish costuming would receive the highest attention

of hand and eye. Mr. Dillingham has lived up to his reputation not only in this regard but in the immaculate cleanliness and order of the interior entertainment. The artists assisting Montgomery and Stone in the presentation of "The Old Town" have proven themselves worthy of their associates. Misses Clara Palmer, Flossie Hope, Helen Falconer, Edna Bates, Virginia Kendall, Peggy Preston, and the Messrs. Charles Dox, Harold Russell, Mack Whiting, W. J. McCarty, Howard Dyott and James Reaney. "The Old Town" pony ballet is an added attraction with several original dances.

## JOUETT VS. WHITE CASE IS ARGUED

The case of E. S. Jouett against John G. White was argued in the Court of Appeals Friday by D. L. Pendleton for Jouett, and Judge E. C. O'Rear, for White. This is the suit in which Jouett got a verdict against White a year ago for \$13,500 upon the claim that White had obtained a profit of \$40,500 in a land transaction in which Jouett was a one-third partner.

White appealed from the judgment of the lower court and it is this appeal which was argued.

## NO DYSPEPSIA OR STOMACH DISTRESS

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the most acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly cures Indigestion and removes such symptoms as Heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Bilioussness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your Stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? ## PURE MILK

The state pure food authorities at the Kentucky Agricultural Experiment Station reported Tuesday to County Attorney Scott Bullitt, of Louisville, sixty-five cases for selling watered or skimmed milk against dairymen supplying Louisville and certain restaurants. These cases resulted from the extensive inspections that have recently been made throughout the whole of the Louisville milk field and other parts of Kentucky.

The samples were collected from the milk depots, the dairymen, the restaurants, the hotels and other places where milk is served, and when a sample was found to be watered or skimmed, further investigation was made to determine who was responsible. About 700 samples were analyzed in Louisville and 65 cases reported for prosecution. In most instances the milk was taken from from the dairymen's herds to determine how much water had been added to the milk as supplied by the dairymen's cows.

Red Cross Dairy (Phone 899-r.) supplies to patrons a pure, clean, and sanitary Holstein and grade Jersey milk; not watered.

## MISSOURIAN'S LIFE SAVED BY A MULE

Animal Receives Load of Shot  
Which Was Intended for  
His Master.

### TARGET IN FEUD FIGHT

Neighbors Had Trouble Over Ditch  
and Body of Lowly Long-Eared  
Beast Serves as Shield Until Anger  
of Armed Assailant Cools.

Macon, Mo.—A Missouri mule has added new laurels to his kind. According to the record in a case in the Macon circuit court a long-eared animal that toils on an Eagle township tract for Farmer Ben Harrison, saw his neighbor, Alonzo Dixon, point a deadly gun, "to-wit, a shotgun loaded with gunpowder and ball," at his master. It was so sudden that Harrison had no time to dodge, but the mule stepped in the breach just as Dixon pulled the trigger and received the load intended for Harrison.

The mule did not die. He kept his body between his master and his assailant until Dixon's anger cooled, and he was glad his shot had not reached the target he aimed at.

The trouble was over the drainage ditch between the men's farms. Dixon thought Harrison was encroaching on his land and went out to see about it. He got mad about it and fired at Harrison, but hit the mule.

To shoot at a man with a deadly weapon is a felony, whether your bullet lands or not. Information was filed in due form, and process served.

Mule Saves Master's Life.

and Dixon came down to Macon to let the circuit judge fix his punishment.

Harrison had sent word that he wouldn't prosecute the man who had shot at him, and that if it were necessary to pronounce a penitentiary sentence he hoped the court would parole him. Harrison said Dixon had a large family to provide for and that it would never do to take him away from them. Judge Shelton sentenced Dixon to the penitentiary for two years, and then paroled him.

"I admit I was a bit hasty," said Dixon, "and I'm mighty glad the old mule was in the way. Harrison is a good man, and we had been friends until that ditch matter came up."

### HAVE ADAM AND EVE PARADE

Society Procession as Aftermath of  
Smart Dance Shocks Pennsylv.  
vania Town.

Latrobe, Pa.—Society of this place is shocked over a parade, the aftermath of a smart dance, which occurred along the main thoroughfare of Latrobe early the other morning.

Some of the costumes worn by members of the fair sex in the parade were too shocking to mention. Some appeared as "Eves" and their male companions as "Adams." And there were enough "Salomes" to fill a small-sized theater.

Shortly before dawn the residents of Latrobe were started by yells that sounded something like Indian war whoops. As soon as the paraders were sure everybody was looking they gave a series of dances in the middle of the street.

Some one telephoned the police. A policeman, who incidentally is a Sunday school teacher, was sent with orders to arrest the crowd. He went, he saw, but he failed to conquer, because he could not stand the sight. He ran back to the police station emitting cries of "O, horrors!"

Next day he was "put on the books" for failing to arrest the masqueraders. The parade given by the smart set of Newport was a Sunday school meeting compared to this parade, according to those who viewed it from bedroom windows.

Shot by His Own Wolf Trap.  
Wilber, Neb.—Arthur Krauter, a farmer near here, was shot by his own spring gun wolf trap. He was trying to drive a calf into his barn and accidentally stumbled over the trap, kicking the bait. Both barrels of the gun were discharged into his feet and legs. More than 80 shots were removed later.

### FAMILY'S WELLSpring OF JOY

Hope of the Household Has Some  
Fun With His Anxious Relatives  
and a Safety Pin.

Uncle John flew down the back stairs! So great was his momentum that before he could stop himself he had gone half-way across the kitchen, and banged into the kitchen table. Turning, he rushed out of the kitchen, through the back hall, and out at the door, which he slammed behind him. Meanwhile Ellen, the nursemaid, stood before the telephone, and wildly flopped her hands—except when at regular intervals she needed them to take down the receiver in order to see if the line was still busy.

Upstairs a red-faced, squalling baby kicked and squirmed in the arms of its distracted mother. This strangling infant was the unhappy cause of all the excitement, for, so Ellen affirmed with tears in her eyes, it had swallowed a safety-pin. Although, to the mother, it seemed hours, it was in reality but a short time before Uncle John, puffing like a steam engine, returned. Behind him came the baby's father, wild-eyed and pale. At the same instant the doorbell frantically announced the doctor.

All three men tore up stairs into the nursery, where they formed a semicircle round the human storm-center.

Suddenly the baby stopped screaming to gaze in wide-eyed astonishment at the frantic men before him. Then he looked down at the floor, and murmured, "Pitty! pitity!" pointed to a large, bright safety-pin, which lay near at hand, provokingly innocent, on the nursery rug.—Youth's Companion.

### MANKIND IS STILL MEDIEVAL

Woman Lawyer Says the Attitude Toward Her Sex is Unjust and  
Barbaric.

That legislation tending to make marriage more difficult and divorce easier would lessen some of the evils of the social system was the opinion put forward in a talk on "The Law and the Lady," by Miss Mary Wood, a lawyer, at the Woman's Forum.

Miss Wood began her paper with a history of the attitude of the English lawmakers toward woman, touching on various statutes that now seem eccentric, such as the provision of the middle ages, which limited the cost of the cloth in a woman's dress to twelve pence a yard.

"And yet that was no more barbaric," said Miss Wood, "than the bill of the Massachusetts legislator, who would have put a ban on the skirts that were less than six inches below the knee, décolleté gowns and fancy clocks on stockings. The bill was killed. I don't know what happened to the man who fathered it."—New York Evening Post.

### Temper Talk.

A girl does not look pretty when her face is convulsed with rage. Her lover will not forget how she looked.

Nor does a man look dignified, nor does he, as a rule, talk sense, when he is rowing with his sweetheart. Some day, after they are married, perhaps, she will remember what a vulgar fool he made of himself, once upon a time, and she will remind him of it. And then he will be very sick and sorry for himself.

So don't get angry. It is never worth while.

And it isn't a bit clever, either. Any monkey will chatter if it is teased. Any cat will spit if its tail is trodden on.

Try to be more human than a monkey or a cat. Try to smile when you feel like scowling, for when you scowl or frown it leaves wrinkles which can never be removed by treatment of any kind, and it is not worth while to spoil the beauty of the face for a scowl.

### Dangerous Animal.

An Ohio man and his wife with a couple of friends went out for a run in the country the other day in their motor car. The trip was quite a long one and they arranged to have luncheon out in the woods. As they neared their destination a stop was made and one of the party made his way into the bush on the side of a hill to get water. He was gone an unusually long time, and on his return explained his delay by saying: "There was only a trickling stream coming from the spring, so I had to wait. There was a ram down there in the bushes, and it seemed to be taking up all the water."

"A what?" inquired the hostess.

"A ram—hydraulic ram."

"My!" she said with some surprise.

"Weren't you afraid of the little beast?"

### Little Fathers.

Mr. S. Joseph Baker of the department of health in New York has had picture films made showing how the "little mothers" learn their lessons. Recently "little fathers" took their turn and all the small boys in the neighborhood of one of the schools were busy borrowing babies, and they showed themselves very apt at learning how to take care of them. These children have to care for the babies while their mothers are at work and are taught to do it scientifically.

### Housewarming.

"Moved into your cozy flat, eh?"  
"Yes."  
"Going to have a housewarming?"  
"That's what I'm just going to ask the landlord to speak to the janitor about."

### HOW COLD AFFECTS THE KIDNEYS.

Avoid taking cold if your kidneys are sensitive. Cold congests the kidneys, throws too much work upon them, and weakens their action. Serious kidney trouble and even Bright's disease may result. Strengthen your kidneys, get rid of the pain and soreness, build them up by the timely use of Foley Kidney Pills. They will cure any case of kidney or bladder trouble not beyond the reach of medicine. No medicine can do more.
